Brief Description of Arguments to be Presented:

Dahlin contains no teaching or suggestion enabling access to a deactivated server's file cache to fulfill a request for a file that is in the deactivated server's cache. Lowery does suggest broadcasting a file cache directory prior to powering down. Narad does not suggest deleting directories from the cache of other servers. Narad does not suggest maintaining power to system memory in sleep state.

An interview was conducted on the above-identified application on _____.

NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
